The attached is information about our being accepted for membership of the Global Environmental Management Initiative (GEMI). We thought it important to share it with you as members of the Environmental Management Council. Please feel free to share this with any relevant people in your operating companies.

Rick
is Lus/Dave
interested?

I hope this will be just the first of many communications in this format as we begin to work more closely together in the future.

On a separate issue, you should know that we are still trying to identify additional members of the EMC from those functions that are not yet adequately represented.
